EXPERIENCE

AI Full Stack Application Developer Intern, Interact Health Pro

May 2026 - Present

- Develop and support AI-integrated full-stack application features using modern web development practices.
- Collaborate through common workplace tools including Slack, Zoom, CRM systems, and shared documentation workflows.
- Apply AI-assisted development, prompt engineering, and automation tools to accelerate implementation and troubleshooting.

Grocery Clerk, Loblaw

May 2023 - Aug 2025

- Restocked products, maintained shelf organization, and supported accurate product presentation in a high-volume retail environment.
- Built reliability, time management, and consistency through part-time work while completing a Computer Science degree.

Grocery Clerk, Giant Tiger

May 2023 - Jun 2023

- Provided customer service and handled product placement to maintain store readiness and customer accessibility.

Frozen Department Clerk, Provigo

Nov 2022 - Apr 2023

- Managed freezer inventory, restocked products, and maintained department organization and cleanliness standards.

PROJECTS

Portfolio Website (JavaScript, HTML, CSS): Built and published a personal developer portfolio showcasing projects and technical background. [Link](#)

Daily Task Tracker (JavaScript, HTML, CSS, SQL): Created a database-backed task tracking application for recording and organizing daily work.

Stall Booking Application (C++, Qt Creator, SQL): Developed a desktop booking system with database-backed storage and user-facing workflows.

Gym Membership Management Database (PostgreSQL, Java): Designed and implemented a membership management system using relational database principles.

Basic Search Engine (JavaScript, HTML, CSS, MongoDB): Built a simple search application using a web interface and document-oriented data storage.

EDUCATION

Bachelor of Computer Science, Minor in Economics, with Distinction, Carleton University

May 2026

High School Diploma, Agincourt Collegiate Institute

LANGUAGES & AVAILABILITY

Languages: Fluent in English and Mandarin; proficient reading in French

Availability: Available immediately; open to overtime and flexible scheduling; remote work preferred
